# ABOUT

## WOODGreen

WoodGreen is a modern furniture retail shop with over 6,000 sqft showroom and custom-made, handcrafted, modern wooden furniture. Our Handcrafted pieces of art are there to meet your specific needs. We are a modern natural wooden furniture showroom & online store in UAE. You can also visit us in our Showroom at intersection of Umm Suqeim St and Al Asayel st - Dubai.

# Our Great History

Our Furniture business brand is relatively new, but our expertise has been around for decades. Picture this, a young boy in his early teens living in Palma de Majorca spends most of his afternoons doing wood work. Home and business Renovation, fit- outs specially carpentry is in his family legacy hence he integrates wood into living spaces from an early age. From carpenter to pilot was as if he could built his own wings. From Pilot to entrepreneur and now reconnecting with his family legacy in Spain to the heart of Dubai.

At WOODGreen we care about how we operate. We continue to strategise growing our collection of hand-made craftsmanship to nurture the artisan carpentry community using eco-friendly materials such as reclaimed wood combined with rattan and bamboo.

# OUR VISION

Embrace modern lifestyle by integrating balance with elements that inspires us.
